

SCHMITZ WINS THE FIGHT FOR MAYOR.

LABOR LEADER CARRIES SAN FRANCISCO BY 4,109 PLURALITY — DEMOCRATS ELECT NINE OUT OF EIGHTEEN SUPERVISORS — REPUBLICANS GET PATRONAGE.

SAN FRANCISCO, Nov. 6.—The complete vote for Mayor is:
SCHMITZ (Union Labor) 21,806
WELLS (Republican) 17,697
TOBIN (Democrat) 12,684

SCHMITZ'S PLURALITY IS 4,109.

Eugene Schmitz, the newly elected Mayor, is a professional musician, and is also part owner and manager of the Economy Gas Engine Company, a manufacturing concern. He was born in San Francisco thirty-seven years ago, and for several years has been leader of the Columbia Theater orchestra. He is a graduate of the University of California and until the recent election has been a Republican in politics.

The success of the Union Labor party brings a new and important factor into California politics. Last May the members of the Teamsters' Union went on strike, and the City Front Federation, composed of stevedores, marine firemen and other waterfront employees, struck in sympathy. The Employers' Association, composed of the principal merchants and manufacturers, was organized to oppose the strikers, and there was a bitter struggle lasting for several months.

The strikers held out for a formal recognition of the unions, and the employers refused to accede.

Finally the men went back to work with the understanding that their employers would not discriminate against them because they were union men and that non-union men shall be discharged to make room for union men. The result of the struggle was the formation of the Union Labor party and the nomination of a complete Union municipal ticket.

The labor men evidently voted solid for the head of the ticket, but scattered their votes on candidates for other offices. They may elect three Supervisors.

The patronage offices go to the Republicans, while the Democrats will elect nine out of eighteen Supervisors. Under the new charter the Mayor has great power and appoints the Board of Education, Public Works, Police and Fire Commissioners.

The complete returns for Sheriff show the following result:

Lackmann, Republican, 24,788.
Loughery, United Labor, 17,488.
Wardell, Democrat, 6,239.

THOSE ELECTED.

SAN FRANCISCO, Nov. 6.—The complete unofficial returns as compiled by Registrar Walsh show that yesterday's election resulted in the choice of the following to fill the principal public offices at the disposal of the people:

Mayor, Eugene Schmitz, Union Labor.
Auditor, Harry Baehr, Republican.
City Attorney, Franklin K. Lane, Democrat.
Sheriff, John Lackmann, Republican.
Tax Collector, Edward J. Smith, Republican.
Recorder, Edmund Godchaux, Democrat.
County Clerk, Albert B. Mahoney, Republican.
District Attorney, Louis F. Byington, Democrat.
Coroner, Dr. Thomas B. W. Leland, Democrat.
Public Administrator, John Farnham, Republican.

RETURNS FROM THE EAST

LOW HAS VERY LARGE PLURALITY.
OHIO SOLID FOR GRAND OLD PARTY.
BALTIMORE REPUBLICANS ARE HAPPY.

TAMMANY IS GIVEN A CRUSHING DEFEAT IN NEW YORK—REPUBLICAN MAYOR HAS A PLURALITY OF 29,864.

NEW YORK, Nov. 6.—Complete unofficial returns from Greater New York give Seth Low for Mayor 294,992 and Edward M. Shepard, Democrat, 255,128, making Low's plurality 29,864.

Edward M. Groot, Fusionist candidate for Controller, received 299,713 votes, and William Ladd, Democrat, 254,738, making the plurality of the Fusionist 44,975.

Unofficial returns from every election district in New York county give William Gravers Jerome, Fusionist, a lead of 15,380 over Henry W. Unger, Democrat, in the race for the District Attorneyship. The vote of the two follows: Jerome, 163,999; Unger, 148,619.

A revised recapitulation of the vote on the Board of Aldermen shows that Charles V. Fornes, Fusionist, has Charles M. Van Hoesen, Democrat, beaten by a plurality of 31,635. Complete unofficial figures from the borough of Queens show that Joseph Cassidy, Democrat, has defeated Doht, Fusionist, for the presidency of the borough by 3,353 plurality in a total vote of 24,921.

Complete unofficial returns show the election of Louis F. Haffen, Democrat, as president of the borough of Bronx, with a plurality of 1,470 over Wells, Fusionist. The vote: Haffen, 19,509, and Wells, 18,039.

Complete figures from Richmond give the presidency to Cromwell, Fusionist, with a plurality of 468 over Nicholas Muller, Democrat. Complete and revised returns from Kings county show the election of Gaden, Fusionist, over Hesterberg, Dem. The vote was Gaden, 105,850, Hesterberg 94,344.

Complete revised returns gathered unofficially show the election of the following justices of the Supreme Court:

Morgan J. O'Brien, Democrat and Fusionist; Samuel Greenbaum, Fusionist; James A. Blanchard, Fusionist; John Proctor Clarke, Fusionist. Clarke, who got the smallest plurality of any of the men elected, headed Charles W. Dayton, the nearest man to him on the judicial ticket, by 6,116 votes and beat Robert A. Van Wyck, the present Mayor, by 23,082.

Mayor-elect Low was the recipient of scores of congratulatory messages. The following dispatch was received from President Roosevelt:

"I congratulate the city even more than I do you on the overwhelming triumph of the forces of decency."

Mr. Low replied: "Your hearty congratulations have done me good."

Mr. Low sent the following reply to the telegram sent him last night by the defeated Democratic candidate, E. M. Shepard:

"Your hearty and generous congratulations are highly valued. Accept my sincere thanks."

RETURNS ARE IN FROM PHILADELPHIA.

PHILADELPHIA, Nov. 6.—The latest returns indicate that Frank C. Harris, Republican, has been elected Treasurer over Elisha A. Coray Jr., the Fusion candidate, by between 50,000 and 55,000 plurality. In 1899 Barnett, Republican, for State Treasurer, had a plurality of 115,588. William Potter, Republican, defeated Harmon Yerkes, Fusionist, for Judge of the Supreme Court by about 50,000 majority.

In this city the vote for State Treasurer exceeded the vote of 1899 by more than 25,000, while in the State the vote was light.

Coray carried Luzerne county, his home, by about 12,000 plurality, against less than 1,000 plurality for Creasey, Democrat, in 1899.

DEMOCRAT AT LOUISVILLE.

LOUISVILLE, Ky., Nov. 6.—Returns from every precinct in Louisville show the majority of Grainger, Democrat, for Mayor, to be 6,628. The Democrats made a clean sweep of all the offices in Louisville and Jefferson county.

REVISED RETURNS SHOW THE REPUBLICANS GAINED ALMOST EVERYWHERE EXCEPT AT COLUMBUS.

COLUMBUS, Nov. 6.—Revised returns show that the Republicans gained almost everywhere except at Columbus where disaffection over some of Governor Nash's appointments and "local option" caused great Democratic gains in Cleveland, where factional fighting and Mayor Thompson's crusade against taxation predominated.

"Local option" was made a distinct issue in Franklin county last night. It was said many silver Democrats deny this charge and say that Kibbourn was one of the original free silver men.

While various causes for the result are mentioned by the Democrats including the superior organization of the Republicans, the Republican leaders say their success was mostly due to the endorsement of President Roosevelt, Senator Foraker and Governor Nash and the desire to perpetuate McKinley when he became President.

Since noon Chairman Dick, on the percentage of returns from the missing counties estimates Nash's plurality over \$5,000 and the rest of the ticket completely above that figure.

COMPLETE RETURNS IN OHIO COUNTY.

COLUMBUS, Ohio, Nov. 6.—Complete returns from Cuyahoga county give Nash 35,546; Kibbourn, 31,233. The Democrats elect their legislative and county tickets with the exception of one judge of the common pleas court.

CINCINNATI, Nov. 6.—Complete unofficial returns from Hamilton county show the vote for Governor:

Nash, 24,483; Kibbourn, 24,237; Jurgens, Socialist Labor, 824; Richardson, Union Labor, 102; Thompson, Socialist, 3,170. Plurality for Nash, 5,246.

The entire Republican county ticket including sixteen members of the Legislature, is elected by an average plurality of 12,500. Kibbourn ran about 3,000 above the average.

The entire Republican Railroad was approved by a majority of 32,353.

SEDGWICK HAS A LARGE MAJORITY.

OMAHA, Neb., Nov. 6.—With but two precincts to hear from, Douglas county and Omaha give Sedgwick, Republican, for Supreme Judge, 1,500 majority over Hollenbeck, Fusionist.

Indications are that the State will give Sedgwick a majority of about 7,000.

DISTINCT TRIUMPH FOR THE EXAMINER.

Eugene E. Schmitz, the Mayor-elect of San Francisco, gives the credit of his election largely to the Examiner. To its steady support of the cause of the labor unions during the recent strike and the manner in which it championed his candidacy during the campaign he attributes a great measure of his success. In this he is correct.

The election of Mr. Schmitz is unquestionably a triumph for the Examiner and that journal has the right to make the most of it. Curiously enough, a remarkable revulsion of public feeling has taken place regarding the Examiner.

Some people stopped their subscriptions and a few merchants withdrew their ads, but this was short lived.

As a fact, the paper gained in circulation while the crusade against it lasted, and has since been rapidly winning back its lost subscribers. The advertisers have again sought its columns, and the paper has scored a political victory in the face of great odds. All of which shows that the Examiner is still a great power in moulding public opinion. Those who do not agree with it are compelled to admit that it has conducted a brilliant campaign to a successful conclusion.

LABOR LEADERS TALK OF A TICKET

The local labor leaders who have been agitating the subject of putting a labor ticket in the field in this county for the next election are very much excited over the election of Schmitz in San Francisco. They feel encouraged as to their prospects in this county.

What gives them the greatest encouragement is the large vote given the labor nominees from top to bottom. The returns show that the labor men voted their ticket more solidly than did the members of any other party.

Naturally, the success in San Francisco has greatly stimulated the talk in labor circles of putting up an independent ticket, but many of the conservative union men are trying to discourage any such move. At present the counsels of the conservatives are unheeded, in view of the success achieved in San Francisco, but the more impulsive will have time to think about it before election time arrives. While they are not too far from organizing a labor party now, the effects of the San Francisco victory may temper their views.

It is pointed out by the union men opposed to a labor ticket that the conditions in Alameda county are radically different from the conditions prevailing in San Francisco. They say the proportion of union laborers to the general population in this county is much smaller than in San Francisco, and that the same grievances do not exist here.

Furthermore, they say that nothing should be done toward precipitating the unions here into politics until the practical results of the election of Mr. Schmitz could be demonstrated.

FIRST EXPERIENCE OF A GENERAL ELECTION UNDER THE NEW LAW HAS NOT PROVEN SATISFACTORY.

BALTIMORE, Nov. 6.—Complete election returns from Baltimore give Herndon, Democrat, for Controller, 37,500; Platt, Republican, 40,348. The Republicans also elected their entire city ticket with the exception of Davis for Sheriff, who appears to be beaten by 600 majority and the indications are that they have carried all three legislative districts, which will give them eighteen delegates and a State Senator.

The first experience of a general election under the new law has not proven satisfactory. Not for many years has there been so great a delay in arriving at the result as there was last night. Under ordinary conditions the entire vote has been counted and announced by 10 o'clock, but at that hour last night less than 150 precincts, not one-half of the city, had been reported, and from the counties not over a dozen election districts had been heard from.

The Baltimore American this morning indicated the general assembly to be called on joint ballot by a majority of twelve, but in order to do this it conceded Cecil county. Later advice indicates that the Republicans have carried it and elected their entire legislative ticket and a successor to State Senator Crothers, Dem. In other counties the result is so close that the official count may be necessary to decide it and in the Second Legislative District two Republican candidates have such a narrow margin that a recount may defeat them. Both sides are still claiming the Legislature, and neither side is conceding anything outside of the city.

The Baltimore Sun in an extra issued at 11 o'clock this morning gives the following figures on the Legislature:

The indications from the latest returns received this morning are that the General Assembly of Maryland will be Democratic in both branches. The Senate will probably contain seventeen Democrats and nine Republicans.

The Democrats have apparently elected the Senators in Caroline, Dorchester, Harford, Montgomery, Prince George's and Worcester.

The Republicans were elected in Charles and Garrett.

In the following the result is in doubt:

POLICE MAKE LARGE HAUL IN ST. LOUIS.

WOMAN FORGER IS CAPTURED AND \$50,000 IN NOTES FOUND IN HER POSSESSION—BELIEVED THAT MONEY IS PART OF HAUL MADE IN GREAT NORTHERN EXPRESS ROBBERY.

ST. LOUIS, Mo., Nov. 6.—The police today made another important arrest in connection with the Great Northern Express robbery of July 3d last, near Wagner, Mont., and secured a valise containing between \$30,000 and \$50,000 in notes of the Bank of Helena, supposed to have been part of the proceeds of the haul.

A woman who had registered at the LaCade Hotel as "Mrs. Rose" was taken into custody by city detectives and escorted to Chief Desmond's office, where she confessed that she had forged the signatures of officers of the Helena National Bank to the notes. Beyond that statement the woman would not say a word, other than to deny any knowledge of the matter.

A man named Arnold was arrested last night in connection with the robbery. The arrest was made just as Mrs. Rose was leaving the hotel. She carried a bag in which was a mass of \$20 bills. This with her trunk, which was just being loaded into an express wagon, are now at police headquarters and the contents are being examined.

"Mrs. Rose" did not know how much money the valise contained. When she counted it last she said there was on hand something between \$30,000 and \$50,000. She had spent much money since her arrival in St. Louis.

Mrs. Rose was remarkably calm when she reached the Four Courts. At first she refused to make a statement, insisting that she had done nothing and the authorities were holding her without warrant of law. She maintained that she had not been out west and knew nothing of any Montana robbery.

She said she came here with her husband, direct from Vicksburg, Miss., and in response to Chief Desmond's questions, said the latter place was her home.

She knew nothing of any man by the name of Arnold. When questioned as to her purpose in trying to leave the city so hurriedly, she said she intended to go away anyhow today. Asked as to the bank notes, she said they belonged to her.

Chief Desmond questioned her at length and finally she broke down and confessed that she had forged the signatures of officers of the Helena National Bank to the notes.

John Arnold, alias Harvey Logan, alias J. W. Rose and Mrs. Rose registered at the LaCade Hotel last Friday. They were assigned to room 190 on the second floor. "I seldom saw them about the hotel," said Clerk Green. "Usually they were away in the evenings. There was nothing about them to indicate they had a great deal of money. Mrs. Rose dressed rather neatly and carried herself with perfect dignity."

The couple gave their address as Vicksburg and told the clerk they would probably remain two or three weeks. Mrs. Rose is small and slender. She apparently is twenty-five years of age.

HOW THEY WERE CAUGHT.

ST. LOUIS, Nov. 6.—The arrests came about through information filed Thursday afternoon by Max Barnett of the Globe Loan Agency.

Mr. Barnett said that a man had entered his place of business and had bought a watch, the price of which was \$85. The stranger proffered four new \$20 bills. They were accepted without question. Barnett later took them to the Merchants' Bank for deposit, but the teller would not accept them, as he believed they were a part of the bills stolen at Wagner.

Barnett went to the four courts and related what had occurred to Chief of Detectives Desmond. He gave an accurate description of the man wanted and detectives were at once detailed to find him.

It was after 11 o'clock last night when the detectives located him in a Chestnut street resort. The man was taken by surprise. He attempted to draw a pistol, but the officers overpowered him before he could draw either of the revolvers he carried. In his pocket was found \$400 in new bank notes, which the police believe to be a part of the proceeds of the express robbery. He also carried a valuable watch and jewelry.

Loughbaugh was in Chief Desmond's office for several hours today and was photographed. Secret Service Agent Murphy and H. J. Hoffman, the local agent for the Pinkertons, were present. Loughbaugh was identified through Pinkerton clerks issued immediately after the robbery, describing him. Loughbaugh would make no connected statement to the Chief. He declined to answer questions. The only statement he would make was that he had obtained the money in a gambling game in Memphis.

When arrested at the hotel the Rose woman is said to have told Detective Sherrin, who reported it to Chief Desmond, that she had forged the names of bank officers to the notes. She denied this to Chief Desmond afterwards. In answering questions the woman told Chief Desmond that her home was in Kentucky and that the money found in her possession was given her by a man named Williams. She would not give the name of the town in Kentucky or any further information about herself or the money.

GOVERNOR CRANE HAS LARGE VOTE.

BOSTON, Nov. 6.—Governor Crane's third term plurality is 79,304. The Social Democrat candidates made the best showing among the minor party nominees.

The Governor's Council includes seven Republicans and one Democrat. The Democrats lost two members in the Senate and gained sixteen in the House. On the face of the returns the house stands 160 Republicans, 72 Democrats and two Social Democrats, while the Senate stands 63 Republicans and 7 Democrats.

CROKER SAYS HE IS STILL LEADER.

NEW YORK, Nov. 6.—Richard Croker denied today that he had given up the leadership of Tammany Hall or that he would do so. Mr. Croker said:

"The report that I am to quit politics is absolutely false, and it is not true that I am to sail for Europe. I am in good health and shall stay right here for some time to come."

TEN LIVES ARE LOST.

Fire in a Vaudeville Theater Results in the Death of Many Persons.

IRONWOOD, Mich., Nov. 6.—Ten lives were lost and four buildings destroyed by a fire which started in the Ironwood Vaudeville Theater at Hurley, Wis., today. The dead: C. W. Cleveland, H. P. Clifford, Thomas L. Clark, George Bennett, H. D. Emery, Timothy Ryan, P. L. Gay, Thomas Ozanne, Harry Raymond, Clara Bonine.

Seriously injured: Jennie Bender, Annie Scott, Laura Russell, Billy McLaughlin. All of the dead and injured were connected with the theater as performers. Most of them lived at Hurley, and Thomas L. Clark was a brother of the proprietor.

The fire started on the stage, and in a few minutes the entire structure was a mass of flames. The third story was used as sleeping quarters and the fire spread so rapidly as to cut off the escape of the occupants.

The building was quickly consumed and the fire spread to adjoining structures. The Ironwood Fire Department was called to the assistance of the Hurley firemen, and only by the hardest work was the town saved from being wiped out.

The loss on the theater and other buildings burned will amount to \$15,000. The charred remains of six of the victims have been recovered and search is being made for the others.

The Ironwood theater burned once before in July, 1887, when eleven women lost their lives.

SCHMITZ'S STATEMENT.

SAN FRANCISCO, Nov. 6.—Mayor-elect Schmitz today made the following statement:

"The result of the election is no longer in doubt. The vote has been fully counted, and I have received the returns from the registration officers. They show that I hold the labor vote, as I predicted that I would, and that I also received a great many Republican votes and independent Democratic votes. I am to be the next Mayor of San Francisco, and I assure you that I fully appreciate the honor which the voters have conferred upon me. I trust that they have reposed in me a desire to permit me to express to those who voted for me my sincere thanks, and at the same time to say that fully appreciative of the responsibilities which attach to the high office of Mayor, I will make it the effort of my life to be worthy of the station to which I am called.

"I have said from the beginning that I was not nominated by the convention of the Labor party under any special conditions, other than to stand and work upon the platform enunciated by that body of intelligent and earnest citizens. There is nothing in that platform which is nothing in the movement which I represented in the campaign, and there is nothing in my nature leading toward a relative or revolutionary change in office.

"I wish to state through the Post to the merchants and financiers of San Francisco that they need entertain no fears as to any action upon my part tending to the inauguration of a radical or revolutionary policy. I shall give invested capital the consideration which is due it and shall try to harmonize all interests which stand for the upbuilding of San Francisco. All classes shall have full and fair consideration.

"It shall be a concern of mine to see that the fair interests of laboring men and women are fully and fairly guarded; but in this there can be no detriment to legitimate business enterprises. My motto is 'Equal rights to all and special privileges to none.' That is the basis of all good laws, and instead of trying to subvert the foundations of good municipal law, I shall simply try to carry out the law in a spirit of justice and equity. So far as the laws can turn me, I shall be entitled to the protection of government. Therefore, I repeat that business men need not fear for I am of a conservative disposition and shall conduct a conservative administration.

"I have no hesitancy in saying that there will be some changes in the personnel and management of some of the governmental departments. I have, in my speeches and in my written declarations hitherto published, indicated in a general way where some of these changes should be made. Further than that I do not wish to go at this time, as these matters will be made the subject of careful and earnest study. Whatever changes are made will be according to my best judgment, for the benefit of the city. I will attempt to place matters of government only in the hands of men who have the confidence of the citizens, and who are competent, wise and careful.

It is a well known fact that I am a staunch Republican, so far as the creed of government is concerned, and in taking the nomination as I did, I did not forsake those principles. Whenever the tide of affairs swing into normal channels, I shall again be found in the Republican party.

"I am a native of this city, and you can probably understand something of my love for it. Everything which can contribute to its upbuilding and beautification shall concern me. I hope to be able to give to San Francisco more streets, more beautifully laid out, more parks and places of pleasure open to all classes. I believe in placing tend to establish a more intimate relation between the classes. I know that they add to the health and pleasure of the people. I shall do all in my power to attract large gatherings of representative men and women to San Francisco, to entertain conventions and prominent and influential people. In short, I shall try to make this city better and fairer, more healthy and more wealthy.

"I was told when nominated that I would be able to learn how many enemies I had. I have learned how many friends I had. There have been the greatest surprises of the campaign in me. Men with whom I had not come in contact for years came to my support and gave me all the assistance in their power. The men of the labor unions supported me devotedly and faithfully. I cannot be unmoved by such evidence of esteem and friendship.

"I believed from the beginning that I would be elected. I also thought that the entire labor ticket would be elected. Therefore, in the result there were disappointed men. I have hoped for the unanimous support of a full body of San Francisco's men. However, I will say of the gentlemen elected that I believe they will make a good board, and I have no doubt that we will all work together to the same end—that the advancement of the city's interests.

"Mr. Schmitz, accompanied by his wife and children, will leave the city tomorrow to be absent two weeks. The Mayor-elect says that he does not wish to state where he is going, as he desires absolute privacy. He will work on matters of policy, and consider no deal of such changes as he deems necessary. When he returns to the city he will probably make some announcements.

BALTIMORE REPUBLICANS ARE HAPPY.

(Continued From Page 1)

Allegany, Baltimore City (second district), Cecil, St. Mary's and Talbot. Of the 100,000 voters there are three Democrats and three Republicans. The returns indicate the election of two Democrats to the House of Delegates, as follows: Democrats, Anne Rindel, 4; Baltimore county, 6; Calvert, 2; Carroll, 4; Dorchester, 4; Montgomery, 2; Prince Georges, 4; Queen Anne's, 2; Somerset, 2; Talbot, 2; Wicomico, 2; Worcester, 2. Total, 40.

Republicans: Allegany, 5; Baltimore City (first district), 6; Baltimore City (second district), 6; Calvert, 2; Carroll, 2; Frederick, 5; Garrett, 2; Somerset, 2; Washington, 5. Total, 30. Doubtful: Cecil, 5; St. Mary's, 2. Total, 7.

Total vote of the General Assembly on joint ballot is 121, requiring 61 votes for a majority. The membership of the Senate is 24, requiring 13 for a quorum. The membership of the House is 91, of which 46 is a quorum. The Democrats thus appear to have a majority of both houses. Shortly after noon it was announced here that Allegany had given the Democrats a majority and the entire legislative ticket is almost certainly elected, including five members of the Lower House and a State Senator. This news makes it almost certain that the Democrats will control both branches, as Allegany has been regarded as a Republican stronghold and both sides placed it in the Republican column as a matter of course.

Later advices from Allegany tend to confirm the reports that the Democrats have made sufficient gains there to give them a fair chance of securing the legislative delegation, at least in part. It is regarded as certain that Lewis, Democrat, has been elected over Roman, Republican, for Senator by about 20 majority.

At Republican headquarters in this city the defeat of Roman is conceded, but it is claimed that the Republican legislative ticket is elected. The Republicans also claim gains in Talbot, Cecil and other counties, which, they assert, will give them forty-nine votes in the Lower House and enable them to organize it. They are inclined to admit the election of Isaac Leabram, Democrat, in the second legislative district of Baltimore, where he ran ahead of his ticket. Several precincts are still missing in that district, and it is possible they may elect one other Democratic candidate there.

Not a word has been heard from St. Mary's and Prince Georges counties as yet. Both are close counties with Republican tendencies.

Chairman Vandiver of the Democratic State Central Committee said today: "We will have a majority in the next Assembly—six on joint ballot and will have no difficulty in organizing the Lower House."

SAMPSON IS NOT SATISFIED.

Protests Against His Name Being Used During the Argument.

WASHINGTON, Nov. 6.—E. S. Thail, acting on behalf of Senator Sampson, who was retained by Admiral Sampson to look after the latter's interests before the Court of Inquiry, today sent a letter to the court protesting against the inclusion in the report of certain statements deemed to reflect upon Admiral Sampson's conduct at Santiago. The letter is addressed to Admiral Dewey, president of the court, and is as follows:

"I am fully cognizant of and abiding by the decision of the court that Admiral W. T. Sampson, U. S. N., is not a party interested and that notice will be given the Admiral when the court will be convened. I have the honor to make the following request on behalf of Admiral Sampson: Arguments by counsel being matters of record and receiving wide circulation, it is respectfully submitted that argument by counsel upon matters regarding any official acts of Admiral Sampson which he has not been permitted to defend and which the court by an expressed ruling has excluded, it is eminently proper that the references of counsel to Admiral Sampson to the effect that Sampson permitted the Spanish cruiser Colon to be in sight without attacking her, from the time of his arrival on June 1, 1898, to about noon A. M. of that day, be stricken from the record of the case or evidence be introduced to which Admiral Sampson may be permitted to defend such a grave accusation, involving his honor as a naval officer.

"It is further most earnestly and most respectfully requested that counsel in the future be restricted to evidence adduced as regards the official acts of Admiral Sampson, and not be permitted to include those matters expressly ruled out by the court, and which the Admiral has not been permitted to defend, by preventing a manifest injustice and the introduction of accusations against the Admiral in the record by indirect means, which was deemed improper by the court by direct means."

ALAMEDA TRAIN OFF THE TRACK

The Alameda broad-gauge local, which left for Alameda under the charge of Conductor Edwards at 11:25 o'clock this morning, passed over a defective switch just after leaving the Harrison street drawbridge, and had the last two cars derailed.

The accident was due to the flagman in the tower making a mistake in throwing the switches. A switch, engine from Alameda, passed over the bridge previous to the accident. The flagman threw the switch for the wrong track. The engine passed through the open switch but stayed on the tracks. When the Alameda local, going the other way, passed over the switch, the last two cars took one track while the engine and train took another.

Conductor Edwards stopped the train immediately, even before the passengers were aware an accident had occurred. No one was hurt, nor any damage done.

TRAFFIC WAS DELAYED A COUPLE OF HOURS.

SUING FOR ASSESSMENT ON BERKELEY CULVERT.

TWO BOYS STEAL SOME RAILROAD BRASS.

Railroad Police Officer Clarkson has arrested two boys named respectively Walter Warren and Fred Beany, on the charge of stealing brass from the yards of the Southern Pacific Company in this city. The boys try to make it appear that they got the brass in Willow. Application was made today to the District Attorney's office for a complaint charging the boys with petty larceny.

LOST THE TWO BARGES.

PHILADELPHIA, Nov. 6.—The tug M. E. Luckenbach, which passed to sea from Delaware Breakwater with the coal laden barges West Point, Dale and Myrtle Belle, bound for Providence and Boston, returned later with the West Point and reports having lost the other two. A heavy wind and sea prevails, and it is feared the missing barges with their crews of four or five men may have gone to the bottom.

The Big Game

Saturday next California and Stanford are again to struggle for supremacy in the lime-lined arena. It will be a battle of the giants, brawn matched against brawn, skill against skill, grit against grit, brain against brain. And whether it be thumbs down for the Cardinal or thumbs down for the Blue and Gold, you, if you are a college man, or if there is a college boy in your family, will want him to go from the game to a cosy, home-like, restful den—such a den as, in celebration of the big game, we have fitted up in one of our Broadway windows.

SAN FRANCISCO'S NEW MAYOR.

Some apprehension will be felt at first, perhaps, over the election of E. F. Schultz, the Union Labor candidate, to be Mayor of San Francisco, but there is hardly occasion for alarm. As a citizen Mr. Schultz is irreproachable. He is a property owner and an employer of labor. He bears an excellent reputation and he is a man of considerable ability. Being identified with the property interests of San Francisco, it is not likely that he will make any radical departure from established usage or attempt to go beyond the powers conferred upon him by the charter.

Mr. Schultz is a Republican in politics, which gives an assurance that he is a man of conservative temperament and broad views. His speeches have been temperate in tone, without hint of incendiary sentiments. On the stump he pledged himself to uphold the laws and to administer the affairs of the city in the spirit of the charter and with fairness to all. He specifically disclaimed any hostility to capital or any desire to interfere with vested interests. This is all that could be asked.

When the disappointment over the result had worn off, the opponents of Mr. Schultz, especially the business men, will come to realize that no serious injury will result to the city. The mass of American workmen are safe and patriotic citizens and they fully understand that revolutionary policies rest upon themselves. They will probably not insist upon any radical experiments. At any rate, it is due to Mr. Schultz that he has been given a fair trial. If he keeps his pledges he will make a good Mayor, and there is no reason to think that he is not a man of his word. The conservative elements of society will make a mistake if they treat him as an enemy.

WHY REPUBLICANISM IS SPREADING.

A Southern business man was asked to give his reasons for saying that there was a strong disposition among thoughtful and progressive Southern Democrats to turn to the Republican party provided the negro question did not assume an acute phase. "For one thing," the Louisville and Nashville Company is running seventy trains daily over the line between Montgomery and Birmingham, and it is announced that a double track will soon be laid between those points to accommodate the enormous and rapidly increasing traffic," he replied. "This is a condition heretofore unknown in that section, and it has only come about since McKinley was elected and inaugurated his wise policy. The Southern people are waking up to the business side of politics, and they are beginning to grasp the tremendous significance of the industrial changes going on in their midst. The policies which yield such great results are becoming more impressive and attractive as their workings are brought nearer home. There are other weighty reasons, but that is enough of itself."

Perhaps these remarks supply the motive the Bourbon politicians have for stirring up feeling over the negro question. Unfortunately, they are aided in this work by a group of sentimentalists at the North who seem bent on stirring up strife over this dynamic subject. It may be observed that the leaders of this group are also the best wethers of the Anti-Imperialistic League, which made itself so offensive by fabricating furious condemnations of McKinley's policy.

The returns in San Francisco again emphasize the fact that the great strength of the Democratic party is in the labor vote. The labor candidates generally ran ahead of the Democratic candidates, save in some special instances, showing that the labor movement has split the Democratic party of the city wide open. It is also evident that Schultz had strong backing outside the Union labor ranks. He ran well in all parts of the city—better than expected in the fashionable districts. This indicates that he had influence behind him of a potent character that made no stir on the surface.

Our lively little neighbor Pleasanton wants a beet sugar factory and an improvement club. There is nothing that Pleasanton wants that she should not have. We trust somebody will build a sugar factory there and make money by it, but there seems no especial need for an improvement club. All the inhabitants of Pleasanton seem to have resolved themselves into a club to improve their town. That is why it is such an enterprising and cheery place. The Pleasanton folks are the right sort, more power to them.

Boss Crocker's announcement of his retirement from politics seems a trifle unnecessary. The voters seem to have rejected him rather summarily.

No matter how they like it the people of San Francisco will have to dance to Mayor Schultz's fiddle.

Now that the old bosses have been turned down in San Francisco will it be Casey at the bat?

THE DEFEAT OF TAMMANY.

The fusion victory in New York is the most crushing defeat ever inflicted on Tammany. From this distance it looks as if Crocker's power is broken for good, and he will probably step down and out of the Wigwam leadership. If he does not do this voluntarily, the chances are that he will be forced out. Tammany's defeat is so complete, so overwhelming, that there is not a ray of comfort for the braves, and this defeat is directly chargeable to Crocker and the acts of his man Friday, Van Wyck, who was snatched under by over 50,000 majority. The main issue in New York was the police administration, and this issue was made by Crocker's tool Devery, who has outraged the moral sense of the metropolis as it never was outraged before. Acting under Crocker's dictation, Van Wyck retained Devery at the head of the police department in the face of the united protests of the merchants, the entire press of the city and the clergy of all denominations.

Many circumstances gave rise to the belief that this defiance of public opinion was due to the fact that a coterie of Tammany Hall politicians were growing enormously rich by levying tribute on vice. For Devery, Van Wyck and the influence of the police department Crocker stood, and at him the bolt of popular resentment was aimed.

Although Seth Low, the Mayor-elect, is a Republican, nearly all the other candidates elected on the fusion ticket with him are Democrats, some of them ex-Tammany men. The new administration will therefore be non-partisan in character. Practically all the Democratic organizations of New York, outside the Wigwam, were arrayed in the fusion movement against Tammany, and their war cry was, "Down With Crocker!" And Crocker is down.

THE EASTERN ELECTIONS.

The net political results of the elections in the Eastern States are to the advantage of the Democrats although the Republicans increased their majorities in Ohio, Iowa, Kansas, and Nebraska, and overthrew the Tammany machine in New York City. The political gain comes from getting two Senators from Kentucky and Maryland to succeed sitting Republicans.

In the case of Maryland, however, Republicans can view the result philosophically, for the Senator to be retired is the respectable Wellington, who spoke his hatred of McKinley when told of the assassination and had no words of condemnation for the murderer. His presence longer in the Senate is an insult to the public sense of decency and an outrage on the memory of the dead President.

Besides this Wellington, although elected as a Republican, has become a malignant opponent of Republican policies. His bitterness toward his party associates has been venomous, and last year he supported William J. Bryan against McKinley. Republicans will infinitely prefer Arthur P. Gorman to him.

The defeat of Senator Deboe in Kentucky is a distinct loss, it is a good man of fair ability who has made an excellent record in the Senate. His successor will probably be Ex-Governor McCreary, an able Democrat.

Yesterday the political prophets were at sea. Today most of them are under the snow.

PERSONAL AND SOCIAL NOTES.

Retail Clerks Plan for an Entertainment—Meeting of the Y. M. I.

A marriage license has been issued to Harry B. Harris, a native of New York, aged 25, and Miss Daisy M. Collins, a native of California, aged 24 years, both residents of Oakland. The wedding will take place this evening at the home of the bride on West street.

Oakland Council No. 6, Y. M. I., will give an entertainment and ball tonight at Forsters' Hall. An especially fine program has been arranged for the occasion. The program which will precede the dancing will consist of ten numbers, an overture by the O'Brien Sisters' Orchestra, a vocal solo by Miss George Lamb; song and dance, Miss Alpa Harris; vocal solo, "The Shade of the Palm," from the opera of "Eloredora," Miss Alice Lyng; vocal selections, Mr. Clarence Fred; vocal solo, Mr. J. P. McVey; vocal solo, Miss Grace Evers; song and dance, Miss Ruth Fischer; vocal solo, Mr. Elton Lambert of the Columbia industrial, San Francisco.

The committee of arrangements are: John E. Fox, James F. McVey, M. A. McAlister, reception, C. J. Hisholm, W. F. Dudley, T. J. Gallagher, D. J. McAlister, P. L. McAlister, floor manager, W. V. Hartington, assistant, J. J. McDonald; floor committees, A. J. McKinnon, L. P. Sauer, J. T. Hartington, Harry Guichard and Martin Madden.

American Council No. 8 will hold its seventeenth anniversary ball Thursday.

On November 11th the Retail Clerks' Association, Local 47, which comprises a membership of 18, will give a vaudeville entertainment and dance at Chapman Hall. The Clerks' Association has always had the name of being the most social of any union in the city, but in this instance they will outdo anything before attempted.

During the year that the clerks, through their own efforts, carried the clock closing movement through to a successful conclusion, the merchants of the city have added them every day, and now that another contract for six months is soon to be signed up, it is thought there will be no difficulty in securing the assent of all the reputable houses of the city.

A. B. Champion is the chairman of affairs, and Paul Carroll, the popular Irishman, will have charge of the program. The committee of arrangements is: J. B. Reboil, W. Jenkins, C. A. Sinclair, C. O. Kanke, J. Rosner, L. Hyde.

Young Dr. Roy Bolton of Oakland spent a few days very pleasantly with New York friends before sailing for the other side, where he will devote himself to a year to observation study in the leading French and German hospitals.

Lloyd Ballwin, formerly of this city, has returned from Harvard Law School and joined his mother and sister in San Francisco.

An engagement of interest in University circles is that of Miss Clara Reeves, daughter of the State Treasurer, to Fred Driver of Sacramento. Miss Reeves is an accomplished musician and very popular in Berkeley society, while Mr. Driver graduated from the University in 1898 and is now in Sacramento.

Mrs. Putzker, wife of Professor Putzker of Berkeley, who spent the last summer in the East, has returned to her home.

INDIAN SUMMER.

Cattle knee-deep in the sedges;
Roaming wilderness low his pledges;
Blushing maiden keeping trust
(With a sky so bewitching);
What art thou, hanging low;
Afternoon, and afterglow;
Thoughts from solitude are springing,
Sweeter far than any singing;
After summer's love his pledges;
Wooden grow down in sure October!
Faintest time of all the year,
Golden Indian summer's here!

A MEDIANCHOLOUS QUEST.

I am a victim of death,
For as I go my way,
Alas! I somehow fail to meet
The things that witte portray.

I have a gentle mother-in-law,
Who my regard doth win;
A Congressman I never saw
With whiskers 'neath his chin.

I've beheld a bathing suit
Which was unbecomingly small;
And friends with children boldly "cute,"
In faith, I've none at all.

I know a parent who ne'er used
A word worse than "My josh";
No farmer ever got around
Me with a big "begosh."

And there is way to go about
In conversations woe;
These poets although I seek them out—
I can't find where they grow.

FROM CHICAGO TO OAKLAND.

One of the Finest Pullman Trains in the Country Will Run Here.

A dispatch from Chicago says: "Orders have been given by the Northwestern management for a complete new equipment for the overland limited. This necessitates the purchase of ten entire new trains, from engine to observation car, at an expenditure of approximately \$1,000,000, the largest order ever given for the equipment of a single train. The limited leaves here every day in the past and requires ten trains to keep running on schedule. Each of the trains will consist of an engine, observation car, two Pullman sleepers, one buffet and smoker, one baggage car and one diner.

"In the construction of both engines and cars the management has given but one order—to make them as life as money can buy. The Pullmans will be models of the car-builders' art. The sleepers will be severely plain, and there will be no upholstery except where it is conducive to comfort. The wood will be Mexican mahogany, interior polished and engraved. It is expected that all the new equipment will be ready by January, so that the new year will see the new train plying between Chicago and San Francisco.

In connection with the new limited, and also in connection with the Colorado special, it has been decided not to haul private cars on either. The limited will be a strictly first class limited train, and the president of the road will be obliged to ride as any other patron and to pay his fare if he desires to take the limited."

WILL CONSOLIDATE THE TWO CHURCHES.

Committees have been appointed from the Twenty-fourth street and Plymouth avenue churches in the northern part of this city, to look into the matter of consolidating the two churches, and should the proposition go through, the properties of the two churches will be sold and the proceeds used towards the purchase of a new site and building. This new building will no doubt be built in the locality of Twenty-third and Grove streets.

WOMEN OF GOLDEN GATE WILL HOLD A MEETING.

GOLDEN GATE, Nov. 6.—The Mothers' Union of Golden Gate will meet Thursday afternoon, November 7, at 3 o'clock in the lecture room of the Baptist Church. Mrs. S. H. Stute will address the meeting, subject, "The Womanly Woman."

Plain Facts

It requires but small space to inform the public that our \$3.50 shoes for women possess all of the good qualities of the best advertised shoe in America, and that we have them in larger quantities than any establishment in Oakland. The difference in cost between the half page advertisements, which often appear, and our modest space, we put into the quality of the shoe—in this connection we also state, and can demonstrate, that we are selling several lines of women's shoes at \$3.00 a pair which are equal to many of the expensively advertised \$3.50 shoes.

"How can we?"

Because it does not cost twenty-five cents a pair to advertise them. We are exclusive shoe dealers and in that capacity propose to offer inducements superior to any "Department" house.

We solicit your patronage.

JOHN MORRISON GIVES UP STAR.

Resigns From the Department and I. D. Tobin Takes His Place.

John Morrison handed in his resignation as a regular police officer to the Police and Fire Commissioners this morning. This action was voluntary on the part of Morrison, but was taken to prevent charges being preferred against him by the Chief of Police. Morrison has been before the Commissioners on several occasions.

Special Police Officer I. D. Tobin was promoted to the vacancy made vacant by Morrison's resignation.

James H. Smith Jr. was appointed a special police officer to take the place of I. D. Tobin, promoted.

The Chief of Police was requested to file with the Board a list containing the boundaries of the beats and the details of regular and special police officers.

Fire Chief N. A. Bell, in a communication to the Board, stated that the fire engine located at Golden Gate was in a very damaged condition, the boiler having burned out at a fire in West Berkeley, and that the engine is dangerous.

Fifteen hundred dollars was voted to repair the engine.

Demands were allowed as follows: thirteen demands aggregating \$11.37, against the Police Fund; twenty-seven demands, aggregating \$297.79, against the Fire Fund.

WOULD WRECK TRAIN OUT OF REVENGE.

Ed M. Tobets, aged 15 years of this city, and Elmer Hart, aged 18 years, of Modera were arrested yesterday at Modera for attempting to wreck a train. They were stealing a ride on the Owl train Saturday night and were put off. In a spirit of revenge they piled coupling pins and pieces of iron on the track, to wreck the next train which came along.

THREW AWAY CRUTCHES AND THEN FLED.

Yesterday a member of the local police department performed a miracle when attempting to arrest what appeared to be a cripple. The latter suddenly threw away his crutches and ran out at a lively rate. He was finally captured and was given thirty-five days in the County Jail for begging. He gave the name of J. J. Farmer.

THE TURF.

Those who followed the fortunes of Winnie O'Connor, the clever jockey, at Emeryville yesterday afternoon, as suggested in these columns, returned home last night with smiling faces and fattened pocket-books. O'Connor put his followers in good humor and safe from losses during the afternoon's play in the very first race by winning with San Venado at odds as good as 7 to 1. In the second race he was unfortunate at the start with The Singer, and finished outside the money. He had nothing to ride in the third, but in the fourth event, by sheer strength and saddle skill, he fairly lifted Janice over the wire first by a nose. It was a grand piece of horsemanship and a magnificent finish, and brought the grand stand to its feet. After that he finished second with Sir Hampton and third with Alfred C. The last named seemed to be a little bit high in flesh and may do better next time.

Favorites and well played horses won most of the card, and the bookmakers lost on the day's play. San Venado receded some in the early betting under the influence of a wild rumor that he was not ready for a race. As the horses were on the way to the post some educated play made its appearance and O'Connor's mount was backed down several points. Tony Lepping, in the second race, was a life saver for the makers of odds, but after that race was settled every well played horse came home with the long end of the money for the public. Varro, at 100 to 1 came within a nose of landing first, and but for O'Connor's masterly finish would have probably been successful. Bob Fleming, a well known sheet writer, had \$3 on Varro against \$300.

Of the other successful riders, Hoar, Raush, J. Woods and Winslet each got a winning mount. Winslet is comparatively a new rider, but he put up a good finish. Those who watched his work on Tony Lepping a few days ago backed him again yesterday. They say he rode well.

Commissioner Forester was not much of a racer back East, but the California climate seems to please him and improve his speed. He ran a fair race yesterday after being well backed, and may win soon in slower company.

Royalty, Willie Sinks' shifty two-year-old, seems to require a heavy buy to help her do her best. Ritz rides her better than anybody. Raush was busy on her at all times yesterday, but was not strong enough to do her justice.

The betting in the combination book has steadily increased since the opening day. The scratches and jockeys for the first race are now posted at 12:30 o'clock. A new blackboard for the combination book will be finished and ready for use Thursday. It will be a great help to bettors and an aid to the public to mark the scratches and jockeys on the program.

The program privilege of the new California Jockey Club is owned by Senator Frank Leavitt, who also owns the over-night entry privileges. No person attending the races should be without a program of the races.

out a program of the races. Besides giving the numbers, colors and weights of the horses, it tells how much weight on and weight off each horse is carrying according to the official weight for age scale. Senator Leavitt has improved the program in many ways, and made it a useful card for advertisers.

BOXING.

ions are, however, that if he again defeats Jack Kane in their meeting at the Reliance Club tomorrow night his engagements in the ring will keep him busy for several months to come.

Perry is an industrious fighter and does better when filling engagements every week. In the East he often took part in two contests a night. On one occasion while at a dance he was summoned to take another man's place in a mill. He got to the club house in time to win the fight and was hustled into a cab and driven to a large politi-

cal club's smoker where he put a big heavyweight out of business in a few rounds. Back to the dance he then went as though nothing had happened. One thing that made Queenan popular in the East was his willingness to fight at a moment's notice. Perry has recently brought Mrs. Queenan out from the East and he intends making his home on this Coast.

At present Jeffries is the favorite at

2 to 5 with enough takers to suggest that in a short time, perhaps before the morning papers reach print, 1 to 3 will be called. Rubin is steadily but surely creeping into favor as a betting proposition. Frequent consultations with the dope of past fights favors him some with each inspection, but the most convincing fact found in the fighting dope is the way favorites for big championship events have been toppled over. Sullivan at 1 to 3 went out before Corbett, who in turn went to a push from Fitzsimmons, and when the jolt landed it looked like any odd price that Corbett would win. Then along came Jeffries, who was regarded by a kid in the business, and sported him about twelve rounds to put the wily Fitzsimmons on his back helpless, and the bettors thought Fitz couldn't lose. Rubin went out with a punch from Sharkey in the first round of the first meeting, and in a return match, with the betting 1 to 4 against him, put Sharkey to sleep after fifteen rounds of force fighting.

There is some dope for the reader to figure on. If you can find a good solution you can increase your bank account and you have no need of chance to pick the winner as the most favored professional. Both sides are extremely confident. Madden says Rubin will knock Jeffries out in the eighteenth round. He says he is more afraid of Jeff catching cold or meeting with an accident than he is of the result. Both men are in the pink of condition. It is now up to the reader to pick the winner for himself.

All the sports backed Wells to win the Mayweather fight, and some of the most heavily. At the last moment a deluge of wise money was turned loose on Wells and all came from the talent in the "know." Hank Davis, the barkeep, says he is more afraid of Jeff catching cold or meeting with an accident than he is of the result. Both men are in the pink of condition. It is now up to the reader to pick the winner for himself.

FOOTBALL.

The big game scheduled for Saturday between the Stanford and Berkeley Universities is now in shape for the field, and it is up to the elevens to act their men in the positions they belong. Yesterday the referee and umpire were chosen and chosen well. Bert Oliver, the Reliance Club veteran, will officiate as referee, and Walter Geary, a Chicago University player some years ago, now professor of physiology in the Cooper Medical College, will hold down the position of umpire. No better or more satisfactory selections could have been made.

Heavy practice was the part played by Stanford yesterday, and the work of the big players of the eleven, especially the juggling and fumbling of the ball in the running game the rosters cold chills. The University was on hand to a man to watch the team work, the bleachers being crowded, and those who were there simply to cheer were delighted, and the experts and the few with more football knowledge than "Varsity enthusiasm" shook their heads and moaned at the fact that but three days remained before the game to perfect the team. At Berkeley, heavy practice was also in order, and the team work showed a big improvement. Fully a half dozen coaches were behind the line, and the work of the players was so good they allowed the practice to run beyond the time. After the practice was over, the experts said that if Stanford did not win in the first half, the red colors of the University would surely trail in the dust.

Afternoon the last heavy practice of the Berkeley team will take place. Previous to the play the famous "ax" trophy taken from Stanford five years ago will be put in the hands of the rosters, and a session of noise making will follow. All hands will turn out to do honor to the great "ax" trophy. Thursday evening the practice will be held at the University which all the best known alumni of the University will speak. That will be the last function before the game.

JEWISH WOMEN TO MEET.

The Oakland Section of the Council of Jewish Women will hold their regular monthly meeting on Thursday next at the registry at 8 P. M. Dr. Leo Marchant, from Cincinnati will address the meeting. Dr. Marchant has just returned from Europe, where he completed his studies. The meeting will undoubtedly be a very interesting one, and a large attendance is anticipated.

RAILROAD MEN COMING HERE.

Traveling Agents Are Likely to Pay Oakland a Visit After Convention.

One hundred and fifty traveling passenger agents are on their way to California to attend their annual meeting to be held at Los Angeles.

The delegates and their families are coming west over the Santa Fe in a special train, and they will be met at Williams, A. T., or some point east of there, by a delegation of passenger men from here and Los Angeles, and escorted into the Grand Canyon. The reception committee will leave in a private car on the Santa Fe on Thursday evening of this week, and will include Assistant General Passenger Agent Gregory of the Santa Fe, Assistant General Passenger Agent Judah of the Southern Pacific, General Agent Harvey of the Baltimore and Ohio, Pacific Coast Passenger Agent Jay W. Adams of the Nickel Plate, General Agent Stetler of the Northern Pacific, General Agent Blair of the Great Northern, General Agent Barnum of the Southern Railway, Traveling Passenger Agent Timothy Nee of the Rio Grande, and General Passenger Agent Cockcroft of the Goosene Steamship Company. Taking their meals in the dining car, John J. Byrne, general passenger agent of the Santa Fe lines west of Albuquerque, and several other passenger men from Southern California will join the delegation from here either at Mojave or Barstow, and Passenger Traffic Manager E. O. McCormack of the Southern Pacific will be on hand to welcome the visitors when they reach Los Angeles.

After spending a day at the Grand Canyon, the passenger men will be conducted to Los Angeles, and for several days they will find themselves in the midst of a merry whirl of sightseeing and pleasure. The Chambers of Commerce of Redlands, Riverside, San Diego and Santa Barbara have arranged to entertain the visitors in their respective towns, and a fund of \$1,000 has been raised in Los Angeles to entertain them in the southern metropolis. There will be a side trip to San Diego and a grand ball at the Hotel del Coronado, a trip to Catalina Island, and other sightseeing trips before the visitors start north over the coast line. Stops will be made at Santa Barbara, Paso Robles and Monterey on their way to San Francisco, and after their arrival here the visitors will be taken on several pleasure excursions that they may see something of the attractions of San Francisco, Oakland and vicinity.

"CONVICT'S DAUGHTER" AT THE MACDONOUGH.

Every year at the opening of the fall season a dozen or more new melodramas are produced and offered to the public. Some are exceptionally good, others fair, but the greater majority are bad. Last season among the many that were offered to the public was one which instantly caught their fancy and bounded into first place with a single jump. It was called "The Convict's Daughter." There were several reasons for its success. First it appealed to the masses young and old, rich and poor. It pleased them all alike. The plot was novel, interesting and humane. A powerful melodrama cleverly told and aided by a company of carefully selected artists. Special scenery for the five acts and wonderful mechanical effects and mysterious electrical appliances all blended together to give the public just what they wanted. Every detail was attended to; no expense spared. "The Convict's Daughter" pleased all.

Local Manager Henry of the Macdonough has secured "The Convict's Daughter" for tonight and tomorrow evening.

When the Power is Off What Happens?

Every factory worker and mechanic knows what happens when the power is off. Everything stops. The machinery is idle. If a mechanic were taken into a factory and saw the machinery silent and motionless he'd know at once that the power was off. When you shut off the power from a plant you shut off its activity.

If every factory and mill-hand, every mechanic and workman, understood the

mechanism of his body as he understands the machinery of the mill, he would know that when a man is weak and run down, when his activities are slowed down if not altogether stopped, there is something wrong with the power plant of the body.

The power plant of the body includes the stomach and its associated organs of digestion and nutrition. All physical strength is derived from food digested and converted into nutrition. Nutrition is the power which runs the body. When nutrition fails the body fails. The chemical changes by which food is converted into nutrition take place in the stomach and digestive and nutritive organs. When the stomach is diseased, the nutrition is reduced and the body's power is reduced in proportion.

A DOCTOR'S DICTUM.

An eminent physician in a lecture to medical students, said in substance, "When you are called on by a sick person for an examination, you must be directed to the stomach." Just as the mechanic knows the power's off when the machinery stops, so the physician when he sees a man weak, tired, and helpless, knows the power is off. The food the man eats is not being converted into nutrition. When food is digested, assimilated and converted into nutrition it must strengthen the body. When the body is weak, deficient in vitality and vigor, it must be because it is insufficiently nourished, either from lack of food or because the food eaten is not properly converted into nutrition. Regularly and generally this condition is described as "weak stomach," or "stomach trouble."

When you have related the weak physical condition to the "weak" stomach and the "run-down" condition to

mitted. It is a clever program and deserves to be well patronized. The people of Oakland and Golden Gate will prove that they appreciate a good thing when they see it by attending this entertainment.

Refreshments consisting of ice cream and cake will be served in an adjoining hall after the entertainment.

the running down of the machinery is, the physical power-house, the next thing to do is to consider how to turn on the power again, restore the vigor and renew the activity.

The best way to explain how to do this is to show how it has been done. "It is with heart-felt gratitude that I send this testimonial which I wish you to publish with my name and address," writes Mr. Willis Seaman, of Washington, Orange County, N. Y. "I had stomach trouble from birth and suffered with it more or less as I grew up. At the age of 26 I was broken down with dyspepsia. My suffering was terrible. Could not eat without distress. Could only eat a few certain things and was not able to work half the time. Every thing I tried only gave me temporary relief. My wife finally persuaded me to try Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets.' I took six bottles of 'Golden Medical Discovery' and two vials of Dr. Pierce's Pleasant Pellets. I then felt so well that I stopped taking medicine. Several months have passed and I can do the hardest kind of work, can eat anything that is set before me and enjoy it. I am 27 years old and this is the first time I have ever been well."

THE CAUSE FOR CONFIDENCE
in the ability of Dr. Pierce's Golden Medical Discovery to cure "weak" stomach and diseases in general of the stomach and other organs of digestion and nutrition is found in the fact that the worst and most obstinate forms of stomach trouble have yielded to the influence of this great remedy. "Some time has elapsed since I have written you in regard to the treatment I have been taking under your instructions," says Mr. R. F. Cingmarrs, of Minneapolis, Minn. "When I first commenced taking your remedies I was under treatment of a well-known specialist in this city (and had been for four months) for catarrh, and especially stomach trouble, and I was rapidly getting worse. Got so bad that I could not eat anything that did not distress me terribly, and I was obliged to quit taking the doctor's treatment entirely. I was greatly reduced in flesh. As a last resort I wrote to you and stated my case, and after receiving your instructions I followed them closely. After taking five bottles of Dr. Pierce's Golden Medical Discovery and one vial of his 'Pleasant Pellets,' I commenced to improve, and decided to continue the medicines and observe your instructions regarding hygienic treatment. It is now nearly six months since I commenced your treatment and I can say that I am well and never felt better in my life. Am very grateful to you for what your medicine has done for me."

THIS CAN BE RELIED ON.
Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It increases the supply of pure rich blood which is the final form of nutrition. It gives strength for weakness, heartiness or heaviness of heart, and puts the whole physical man on the plane of robust health. From a man only able to work half the time, and then in pain, to a man who can work all the time in comfort, is a transition great enough to warrant the oft-repeated statement, "I feel like a new man since using the 'Discovery.'"

DO YOU KNOW?
Do you know what to do in case of emergency, accident, or sudden illness? Do you know how to aid the sick while waiting for the doctor? You can learn how to do these and a thousand other things from Dr. Pierce's Common Sense Medical Adviser. The book contains more than a thousand large pages and is sent free on receipt of stamps to pay expense of mailing only. Send 3 one-cent stamps for the cloth-bound volume, or only twenty-one stamps for the book in paper-covers. Address Dr. R. V. Pierce, Buffalo, N. Y.
